**The minimum qualifying criteria:**

The minimum Cut off percentage in the Composite type of Screening Test is 50% for UR & EWS category, 45% for OBC (NCL) and 40% for SC/ST. Only those securing marks above the minimum cut off percentage of marks shall be eligible for attending the next level of Selection process.

The screening test will be used only for the purpose of optimising the number of candidates attending the interview and the same would be of qualifying nature to shortlist optimal number of candidates for each position available i.e., 1:3. If the number of candidates qualifying for the next level after application of the prescribed minimum cut-off criteria is more than 1:3 which is beyond the optimal ratio, the selection committee may apply higher cut-off over and above the minimum cut-off criteria which shall be proportionately increased for each category to restrict the maximum number of candidates to be called for the next level of Selection process.
